BODY TREATMENTS

MARINE BODY WRAP

Iodine, a natural trace mineral, is vital to keep the metabolism running efficiently and this seaweed body masque is rich in it. As the body absorbs iodine and detoxifying nutrients throughout the treatment, thyroid function will be enhanced, to aid in a slimming or deep cleansing program. After the wrap, your body is generously moisturized with contouring cream to further combat excess weight and cellulite.

RENEWAL BODY TREATMENT

A delightful, integrative body massage to achieve ultimate spiritual and physical relaxation. The massage products used are infused with poppy and pomegranate flower extracts to exfoliate and nourish the skin during this intensely liberating massage.

PASSION FLOWER SCRUB & MASSAGE

This is an aromatic and stimulating skin exfoliation. The skin is exfoliated and moisturized, followed by an aromatherapy massage with techniques inspired by yoga. It leaves the skin feeling rejuvenated, polished and the body will be “de-stressed.”

TREASURES OF THE SEA

Starts off with full-body exfoliation to eliminate dull skin cells and impurities. You are then wrapped in a sea water and essential oil gel mask and heat therapy blanket. Receive a full foot treatment as all your stress melts away. After you enjoy a shower in our private, in-treatment room shower, you will be transported to ultimate relaxation with a 50 minute aromatherapy massage.
